Summary of Qualifications	• 2017 – 2021 National University of Modern Languages, Islamabad, Pakistan. **Software Engineering** • 2014 –2016 F.G Sir Syed College, The Mall, Rawalpindi **Higher Secondary School Certificate** • 2012 –2014 F.G Sapper Boys High School, Risalpur **Secondary School Certificate**
Projects	**1. Megasoft Money | An investment website** Our platform serves as an investment website, enabling individuals to invest real money and receive monthly returns on their investments. In addition to this, we provide enticing features such as an invitation bonus, an online committee for active participation, and periodic lucky draws with cash prizes. To further enhance user engagement, our website hosts its own forum and blog, fostering a community for valuable discussions. The website has been developed using HTML, CSS, Bootstrap, JavaScript, PHP, SQL, and MySQL. **2. Barter Monster | An ecommerce platform** Currently in development, our ecommerce platform enables individuals to engage in transactions using cryptocurrency. The project utilizes HTML, CSS, Bootstrap, JavaScript, Python, Django, and PostgreSQL. **3. KBC | A quiz Game** Experience the thrill of our quiz game, where participants can win by providing accurate answers to every question. We offer two versions: a non-GUI edition and a GUI-enabled edition, both implemented in C++ and Java. **4. Plantonics | A hybrid application** An innovative hybrid app developed with React Native and Python, empowering users to effortlessly identify plants and access relevant information.

Experience	1. **PHP Developer | Swismax Solutions** Seasoned PHP Developer with extensive experience, serving as a Software Engineer at Swismax Solutions.
